Dallas Voted: Best Lofts To Lease in Dallas

April 22, 2008 -- ApartmentWIZ releases the results for the top 10 lofts in the DFW area. These lofts were selected by residents and apartment locators based on five factors including overall value, location, quality of property management, building maintenance, and overall tenant satisfaction.

The winning loft properties have been awarded the "Top Dallas Lofts 2008" seal (featured right) to display on their property websites and will be presented with a plaque to display in their leasing office. Without further ado, ApartmentWIZ is proud to announce the top ten lofts in The DFW Area. Please note that the order of the top ten does not indicate that one loft in the top ten finished ahead of another.
